

26 May 2007

EMRP Call 2007

Eligibility Criteria

Eligibility to submit Expressions of Interest (and for eventual applications for funding) is restricted to institutes in the countries participating in the ERA-NET Plus (listed in Table 1 below) that meet all the following criteria:

- are publicly funded for metrology as a recognised part of a national measurement system
 - Typically this will be the NMI, or a Designated Institute identified under the CIPM MRA
- have existing appropriate metrology R&D expertise;
 - Or, by exception, for those countries launching metrology R&D programmes for the first time and who are participating in the ERA-NET Plus action and whose NMIs do not currently have an in-house R&D capability we would accept EoIs submitted by the NMI/DI in partnership with the publicly funded R&D institute with metrology expertise who are assisting their NMI to develop specific R&D capabilities
- are willing and able to accept the duties and obligations associated with participation

Table 1: Countries participating in the ERA-NET Plus

Austria	Slovenia
Belgium	Spain
Czech Republic	Sweden
Denmark	Switzerland
Estonia	Turkey
Finland	United Kingdom
France	
Germany	
Italy	
The Netherlands	
Norway	
Portugal	
Romania	
Republic of Slovakia	

Note: The Institute for Reference Materials and Measurements (IRMM), a Joint Research Centre of the European Commission, is also eligible.
